

Model: DUS-8G-25
Series: DIANA

8 Port Full 2.5G Switch Unmanaged Network Switch

Introducing the AADONA Diana Series 2.5G High Performance Un-managed Switches: Empowering Your High Bandwidth Applications

AADONA, a prestigious Indian brand renowned for its commitment to excellence, proudly presents the Diana Series 2.5G High Performance Un-managed Switches. As a recognized brand by the Government of India under the Department for Promotion of Industry and Internal Trade (DPIIT), and with ISO-9001, ISO-14001, and ISO-27001 certifications, AADONA is dedicated to delivering high-quality, reliable, and secure products.

Designed to cater to the demands of modern IT infrastructures, the AADONA Diana Series 2.5G High Performance Un-managed Switches provide an optimal solution for your high bandwidth applications. Our switches offer exceptional stability, superior quality, and high-performance capabilities to meet the ever-increasing data requirements of today's businesses.

FEATURES

High-Speed Connectivity: Experience lightning-fast speeds with the AADONA Diana Series 2.5G switches, delivering impressive 2.5Gbps data transfer rates. Enjoy seamless data transmission, reduced network congestion, and enhanced productivity for your bandwidth-intensive tasks.

Unmanaged Simplicity: Setting up and utilizing the AADONA Diana Series switches is effortless due to their unmanaged nature. With plug-and-play functionality, the switches automatically detect and optimize network connections, eliminating the need for complex configurations.

Superb Stability: AADONA products are renowned for their stability, and the Diana Series 2.5G switches are no exception. These switches are engineered to operate flawlessly under heavy workloads, ensuring uninterrupted connectivity and reliable performance.

Scalability and Flexibility: The AADONA Diana Series switches provide excellent scalability to accommodate network expansion and connectivity requirements. The 8-port DUS-8G-25 switch offers versatile options for connecting multiple devices and adapting to your evolving needs.

Made in India: AADONA takes pride in offering high-quality, locally manufactured products. By choosing AADONA, you not only benefit from cutting-edge technology but also contribute to the growth of the Indian manufacturing industry.

When it comes to your IT infrastructure needs, the AADONA Diana Series 2.5G High Performance Un-managed Switches are a perfect fit. Experience unparalleled stability, exceptional quality, and remarkable performance with AADONA.

Choose AADONA Diana Series 2.5G High Performance Un-managed Switches for a seamless, high-speed network experience. Trust in AADONA to power your business's connectivity needs and elevate your IT infrastructure to new heights.

SPECIFICATIONS

Model	DUS-8G-25
Product	8 Port Full 2.5G Switch
Fixed Port	8*10M/100M/1000M/2.5G RJ45 port
Network protocol	IEEE 802.3/U 、 IEEE 802.3ab 、 IEEE 802.3bz 、 IEEE 802.3x
Port Specification	10M/100M/1000M/2.5G Auto
Packet Buffer	Up to 12Mbit
Jumbo frame	up to 12KB
Bandwidth	40Gbps
Packet Forwarding	29.76Mpps
MAC Address	16K
Transmission Distance	10BASE-T Cat3,4,5 UTP(≤250 meter) 100BASE-TX Cat5 or later UTP(150 meter) 2500/1000BASE-TX : Cat6 or later UTP(150 meter)
LED Indicator	PWR:Power LED Port:10M//100 LED; 1G LED; 2.5G LED
Operating Temperature/Humidity	0 ~ +55°C ; 5% ~ 90% RH Non condensation
Storage Temperature/Humidity	-40 ~ +75°C ; 5% ~ 95% RH Non condensation
Power	DC12V
N.W/G.W (kg)	0.8kg/1.2kg
Installation	Desktop (optional wall+ machine hanging kit)
Lightning protection level	6KV 8/20us ; IP30
Certificate	CE mark, commercial ; CE/LVD EN60950 ; RoHS ;
Warranty	Whole device for 2+ year(Accessories not included)
