Introducing the AADONA Diana Series 2.5G High Performance Un-managed PoE Switches: Empowering Your High Bandwidth Applications

AADONA, a trusted Indian brand renowned for its cutting-edge technology and commitment to excellence, proudly presents the Diana Series 2.5G High Performance Un-managed PoE Switches. Our brand is recognized by the Government of India under the Department for Promotion of Industry and Internal Trade (DPIIT), and we hold the prestigious ISO-9001, ISO-14001, and ISO-27001 certifications, ensuring the highest standards of quality, environmental responsibility, and information security.

Designed specifically to meet the demands of modern IT infrastructures, the AADONA Diana Series 2.5G High Performance Un-managed PoE Switches provide a reliable and efficient solution for high bandwidth applications. These switches are engineered to handle the ever-increasing data requirements of today's businesses, enabling seamless connectivity and enhanced performance.

High-Speed Connectivity: With 2.5Gbps data transfer capabilities, the AADONA Diana Series switches deliver ultra-fast connectivity for your high bandwidth applications. Experience lightning-fast speeds that ensure smooth data transmission and reduced network congestion.

Unmanaged Simplicity: The unmanaged nature of these switches makes them incredibly easy to set up and use. Simply plug in your devices, and the switches will automatically detect and optimize the network connections, freeing you from complex configurations.

Robust Stability: AADONA products are known for their stability, and the Diana Series 2.5G switches are no exception. Designed to operate flawlessly even under heavy workloads, these switches provide a stable and reliable network infrastructure that you can count on.

Scalability and Flexibility: Whether you need to expand your network or connect multiple devices, the AADONA Diana Series switches offer excellent scalability. The 5-port DUS-5GP-25 switch is an ideal choice, providing ample connectivity options to meet your requirements.

Made in India: AADONA takes pride in offering high-quality products that are manufactured in India. By choosing AADONA, you not only benefit from superior technology but also contribute to the growth of the Indian manufacturing industry.

At AADONA, we understand that your IT infrastructure needs are unique. That's why our Diana Series 2.5G High Performance Un-managed PoE Switches are designed to deliver exceptional performance, stability, and scalability. Upgrade your network with AADONA and experience the difference in quality and reliability.

Choose AADONA Diana Series 2.5G High Performance Un-managed PoE Switches for a seamless, high-speed network experience. Trust in AADONA to power your business's connectivity needs.

Model	DUS-5GP-25
Product	**5 Port Full 2.5G PoE Switch**
Fixed Port	5*10M/100M/1000M/2.5G RJ45 PoE port
Network protocol	IEEE 802.3/U 、 IEEE 802.3ab 、 IEEE 802.3bz 、 IEEE 802.3x
Port Specification	10M/100M/1000M/2.5G Auto
Packet Buffer	up to 12Mbit
Jumbo frame	up to 12KB
Bandwidth	25Gbps
Packet Forwarding	18.6Mpps
MAC Address	16K
Transmission Distance	10BASE-T ： Cat3,4,5 UTP(≤250 meter) 100BASE-TX ： Cat5 or later UTP(150 meter) 2500/1000BASE-TX ： Cat6 or later UTP(150 meter)
LED Indicator	PWR:Power LED Port:10M//100 LED(Right green); 1G LED(Left Green); 2.5G LED(Left orange)
Operating Temperature/Humidity	-10 ～ +55°C ； 5% ～ 90% RH Non condensation
Storage Temperature/Humidity	-40 ～ +75°C ； 5% ～ 95% RH Non condensation
Power	DC 48 volt input
Maximum POE Budget	60W
PoE Standard	IEEE802.3af/at
Product size/Packing size （L*W*H）	160mm*112mm*31mm 193mm*131mm*91mm
N.W/G.W （kg）	0.57kg/0.92kg
Installation	Desktop (optional wall+machine hanging kit)
Lightning protection level	6KV 8/20us ； IP30
Certificate	CE mark, commercial ； CE/LVD EN60950 ； RoHS ；
Warranty	Whole device for 3 years(Accessories not included)
